## EXPERIENCE

### Eddafy • Founding Designer

Aug 2020 - Present • Remote

- Creating a design language from scratch and maintaining a comprehensive design library
- Championing accessibility throughout the design and development process from the start with an inclusive-by-default mindset

### PowerSchool • Senior UX Designer

April 2019 - Present • Remote

- Led a feature redesign that resulted in 535% growth in engagement
- Delivering wireframes, hi-fi mock-ups, and interactive prototypes
- Facilitating monthly focus groups and conducting usability studies
- Contributing to the development of a unified design system across multiple products to achieve consistency in components and design patterns

### Epic Systems Corporation • QA & UX Analyst

July 2015 - July 2018 • Verona, WI

- Led design discussions and undergoing multiple stages of iterative testing for each project
